- Work with numbers 11-19 to gain foundations for place value.

Measurement and Data

- Describe and compare measurable attributes.
- Classify objects and count the number of objects in each category.

Geometry

- Identify and describe shapes.
- Analyze, compare, create, and compose shapes.

Mathematical Practices

- Make sense of problems and persevere in solving them.
- Reason abstractly and quantitatively
- Construct viable arguments and critique the reasoning of others.
- Model with mathematics.
- Use appropriate tools strategically.
- Attend to precision.
- Look for and make use of structure.
- Look for and express regularity in repeated reasoning.

Technology

- Learn basic operations and concepts.
- Use curriculum related software.
- Beginning Coding.

2017 – 2018 Verse

Matthew 5:14-16

“You are the light of the world. A city set on a hill cannot be hid. Nor do men light a lamp and put it under a bushel, but on a stand, and it gives light to all in the house. Let your light so shine before men, that they may see your good works and give glory to your Father who is in heaven.”

Bible

Our kindergarten Bible program focuses on Bible stories from creation to the ascension. Through these stories we emphasize character traits. We strive to instill in the children character traits that are basic to a Christian life. Weekly memory verses, character traits study, chapel, music and prayer are an integral part of our Kindergarten Bible curriculum here at Fairview.
